ABOUT ME

Results-driven Data Analyst with expertise in SQL, Power BI, and Excel. Adept at transforming raw data into meaningful insights to fuel business growth. Demonstrated success in automating processes, ensuring data accuracy, and delivering impactful reports. An effective communicator, with a passion for enabling data-informed decision-making. Eager to leverage my technical skills and analytical expertise in a dynamic, data-driven role to support strategic business objectives.

PROFESSIONAL EXPERIENCE

2022 - 2024

Junior Data Analyst

Aug'22 – Oct'24

HCL Technologies

- Analyzed complex datasets for international clients, including Restaurant Brands and IBM, uncovering insights to drive business decisions.
- Designed and deployed dynamic Power BI dashboards for senior management, visualizing key metrics to support data-driven strategies.
- Collaborated with cross-functional teams using SQL, Excel, and Power BI to deliver actionable insights, enhancing project outcomes and boosting team's efficiency.
- Developing Excel-based visualizations to streamline project management processes for senior engineers, improving workflow and decision-making.
- Developed automated Power BI reports, reducing manual effort and enhancing reporting accuracy.
- Optimized SQL queries to improve data retrieval efficiency, accelerating analytics and reporting processes.
