Email id: Tirathp1178@gmail.com

Location: New Delhi

I am an experienced Power BI developer skilled in Power BI Desktop, Power BI Service, Power Query, SQL and data modelling. I create visually appealing dashboards, reports, and interactive visualizations for data analysis. I work closely with stakeholders to understand their requirements and deliver insights that align with their needs. My expertise enables me to efficiently extract, transform, and load data, and design optimized data models for accurate analysis.

## SKILLS:

- Good hands-on experience on MySQL, Power BI Desktop, DAX and Power BI Service
- Hands on Experience: SQL, DAX & M language
- Have good Functional Knowledge of Retail Sales and Financial Data
- Involved in analysing the requirement, implementing, development and delivering solution on time with end-to-end unit testing successfully.

---

**Languages:** SQL, DAX, M language

---

**Power BI Tools:** Power BI Desktop, Power BI Service, Power Query, Power Pivot

---

**Data Analytics:** Data Modeling, Advanced Visualizations, Data Visualization

---

**Databases:** MySQL, SQL Server

---

**ETL Processes:** Data Cleaning, Transformation, Integration

---

## PROFESSIONAL EXPERIENCE:

**BrizSolution Technology. Pvt Ltd**

**Aug 2024 – Present**

### Power Bi Developer

- Developed Power BI dashboards to visualize key sales metrics such as total sales, sales by product category, region-wise performance, and seasonal trends, providing senior management with insights to optimize sales strategies.
- Performed sales trend analysis over multiple time periods (monthly, quarterly, yearly) to identify performance fluctuations and market opportunities.
