### EDUCATION

**HIGH SCHOOL** • 2013-2015

Kids Corner Happy Sr. Sec. School,  
Firozabad (Uttar Pradesh)

**B. TECH (ECE)** • 2016-2020

JSS Academy of Technical Education,  
Noida (Uttar Pradesh)

### KEY SKILLS

#### Core Skills

- Data manipulation
  - ➔ SQL
  - ➔ Python
  - ➔ Excel
  - ➔ Power Query
- Data visualization
  - ➔ Python libraries
  - ➔ Power BI
- Big Data & ETL (Basic)
  - ➔ PySpark
  - ➔ Spark SQL
- Machine learning models
- AWS (S3)

#### Soft Skills

- Strong Analytical Skills
- Problem-Solving
- Excellent Communication
- Team player

### PROFILE

Data Analyst with over three years of experience in transforming data into actionable insights to support business objectives. Demonstrated ability to conduct complex analyses, streamline reporting processes and collaborate with cross-functional teams to drive strategic-decision making.

### EXPERIENCE

• JUL 2021 – PRESENT

#### Data Analyst at Tata Consultancy Services

- Executed complex SQL queries to extract, manipulate and analyze data from relational databases, ensuring data accuracy and integrity.
- Optimized data cleaning and transformation processes using SQL/Python and Excel, improving data quality by 20% and reducing processing time by 40%.
- Established key performance indicators (KPIs) to assess business performance and effectiveness, presenting insights that resulted in 15% increase in operational efficiency.
- Constructed complex data models in Power BI using DAX and Power Query, resulting in a 30% improvement in data retrieval times and enabling analysis of large datasets exceeding 1 million rows with optimal performance.
- Designed and implemented interactive Power BI dashboards and reports, enabling stakeholders to visualize key performance metrics and enabling data-driven decision making.

• NOV 2020 – JUN 2021

#### Database Administrator at Tata Consultancy Services

- Optimized and fine-tuned database performance, achieving a 50% reduction in query latency and significantly enhancing overall efficiency.
- Automated routine tasks through scripting, improving efficiency and reducing manual errors.
- Developed and implemented backup and recovery strategies to ensure data integrity and availability, achieving a recovery time objective of 3 hrs.
- Managed database upgrades and patches, ensuring systems are up to date with latest features and security enhancements

### CERTIFICATIONS

- PL-300 Certification: Microsoft Power BI Data Analyst
- Google Data Analytics Professional Certificate
- AWS Certified Cloud Practitioner
